

FOOD TRUCKS

Council Study Issue

Outreach Meeting

May 2012

Topics

- What are food trucks?
- Why is the City studying this?
- What are the challenges?
- What are other cities doing?
- When will this study be completed?
- **What do you think?**

What are food trucks?

A vehicle from which food is sold, typically from a take-out counter built into the vehicle.

What are food trucks?

What are food trucks?

Why is the City studying this?

- Inquiries from the public
- Existing regulations don't clearly address how food trucks operate and where they can locate
- **Goal:** Develop location and operation requirements

Current Regulations

- Public Park: Not allowed
- Public Street: 10-minute rule
- Private Property:
 - Use Permit if selling to the public regularly (ex. Food truck in shopping center)
 - Temporary Use Permit for one-time event (ex. Company picnic)
 - No permit for private catering (ex. Employee lunch)
- Community Events: Special Event Permit
- Business License Required

What are the challenges?

What are other cities doing?

- New Permitting Process
- Guidelines for Existing Permitting Processes
- Time Limit on Permits
- Limit on Number of Permits Issued
- Limited Locations
- Limits on Truck Size
- Operational Standards
- Street Parking Limits

When will this study be completed?

**Planning Commission
Public Hearing**
Recommendation

October 22, 2012

**City Council
Public Hearing**
Decision

November 20, 2012
